Quote of the Week:

”

“Education is much more than imparting the knowledge and skills by which narrow goals are achieved. It is also about opening the child’s eyes to the needs and rights of others.” - Dalai Lama

AE MERE WATAN

A day of prodigious pride for all Indians as the 75th Independence Day was celebrated at The Sagar School. Though not together in person, the Sagarians certainly were together in spirit. The staff and the students attended the virtual celebrations zealously. As the Principal hoisted the flag, everyone's blood pumped with patriotic fervor. Musical chords were struck by the students and staff members. The students also participated in the *RashtraGaan* activity - an initiative by the Ministry of Culture to mark *Azadi ka Amrit Mahotsav*. The day truly served as a reminder of the vision of India that our fellow Indians and freedom fighters had fought for.

THE FESTIVAL OF RAKHI

As we all would agree that siblings have reserved a special place in our hearts. The particular bond of a brother and sister is extraordinary. Occasional brawls, trivial fights and inspired wrestling moves can never stand in the way of the unconditional support siblings share. The love is beyond comparison.

Raksha Bandhan provides us with the opportunity to celebrate this connection. It is an occasion to call for *mithai* to further sweeten the sweetness of the bond. *Rakhi* is symbolic of this unique and special relationship. It is rightly recognised as a symbol of unconditional love, care and togetherness.

Our childhood is marked by the presence of siblings and cousins who help us grow. They are there with us through thick and thin, ups and downs. The elders are protective of their younger siblings. Similarly, the younger ones look up to the set examples of the older ones. Sagarians dedicated their day to their loved ones and made their festive moments memorable.

POETRY THROUGH LENS

"Photography is a language more universal than words." – Minor White

First celebrated in 1837, this day has its roots in the invention of Frenchman Louis Daguerre in association with Joseph Nicéphore Niépce. They developed a photographic process called Daguerreotype. Two years later, the French Academy of Sciences acknowledged the invention, calling it 'a gift to the world'. Since then, the Photograph has seen several stages of evolution. A lot of youngsters have taken up photography as a hobby over the last decade.

Call of the Wild!

Perspective

“Both light and shadow are the dance of love.” - Rumi

Every sunset is an opportunity to reset.

Hills are still alive!

World Photography Day is therefore important to encourage people to take interest in the field. This day is a way to acknowledge the passion and skill of a photographer who uses his perception and creativity to capture what words cannot. Sagarians too have been connoisseurs in the art of good photography. Feast your eyes on the photographs clicked by the students, that have left us all spellbound.

CREATIVE ENDEAVOURS

"I hear and I forget. I see and I remember. I do and I understand." - Confucius

No two children are alike and information isn't the same as knowledge – noting these points, the school encourages the students to tap into their creative energies and apply their learnings in multitudinous ways.

Save Mother Earth

Keeping art as the pivot of the Science curriculum, Poster Making activity, projecting the idea of "Say NO to Plastic" was executed by the students of Class VIII.

"The entire process of Poster Making is holistic, joyful and experiential. It was a great learning experience for the students. With their posters, they wanted to spread the message that saving our Mother Earth and its environment is the key to sustain the planet." – Ms. Anita Negi, Science Teacher and Junior Academic Coordinator

Inspired by their teacher, Ms. Manjula Ambastha, the seniors are pursuing their love for nature and following the passion for studying life around us. From hiking to building a garden at home, they are truly enjoying their eco-experiences.

ROUND SQUARE HALL OF FAME

Applause for participating in the Global Event of Booktopia

CONTRIBUTORS: Garv Gulati, Akshara Goyal, Chandni Pamani, Abhinav Sharma, Deeksha Chauhan, Nandini, Bharati Upadhyay, Abhir Lal, Samyak Jain and Mallika Kumari – from Class VIII; Ayushraj Yengkhom and Aagya Singh – from Class XI; Ms. Anita Negi, Ms. Manjula Ambastha and Ms. Meghana Mangal

EDITORS: Dishita Mukherji (XI), Ms. Harveen Kaur Sandhu, Ms. Lidia Golmes, Ms. Manisha Trivedi and Ms. Sohini Sanyal
